Subject: FW: OPRA Request - Ventnor Beach Replenishment Plans

Deborah:

Below is an OPRA request received today regarding the Beach Replenishment Plans. Please send me (via email if possible) any pertinent information/correspondence to answer this request. Thank you.

Janice K. Callaghan
City Clerk/Registrar
City of Ventnor City
6201 Atlantic Avenue
Ventnor, NJ 08406-2734
Email: jcallaghan@ventnorcit.org
Ph: (609) 823-7904
Fx: (609) 823-2809

Subject: OPRA

Dear City Clerk Callaghan,

Pertinent to a recent ACPress article regarding the matter of certain DEP or ACOE "plans" respecting beach refurbishment/replenishment which appear to be in disputed possession, and pursuant to OPRA, the following is requested.

- 1) Copy of a certain letter allegedly written by "the city engineer" to Commissioner Weintrob which conveyed the set of plans
- 2) Information respecting whether the City of Ventnor and/or its "city engineer" were furnished with these plans by state or federal agencies free of charge or whether City of Ventnor paid copying charges to obtain the plans or whether any official AT PERSONAL EXPENSE paid for copying charges.
- 3) Copies of any e-mails between or among the three members of Commission, city clerk, city engineer (past or present), in which the topic consisted of a request for the plans to be returned to City Hall for inspection by elected officials, appointed officials and/or members of the general public.
- 4) Copy of the DEP / ACOE "plans" in question.

Thank you for your attention to the above and please inform if there are copying charges involved for any of this material.

Paula DeLuca

Subject: OPRA Request - "plan" beach refurbishment/replenishment

Hi Janice,

Attached please find two (2) emails sent by Commissioner Weintrob to Matt Doran. One (1) of emails contains Matt's response. Also attached is Memo to you describing how we acquired the plans and transmitted them to Commissioner Weintrob.

Thanks,
Deborah

Matt, last week I asked for 2 copies of the beach fill October plans. These copies were for my use and not a lone. Yesterday I learned that the mayor said she loaned our only set to me. That 's not what I asked for. I have 4 appointments this week and need this set and 1 more that just relates to ventnor. Please make this happen. Also I want anything in writing whether it be a memo ,letter of intent or any written document that explains the deal with whomever.

Then you best get it or have copies made of all those pages that have to do with Ventnor. Including all access and handicap ramps

Steve,

I don't have authorizing to print additional copies. I was informed that the copy at City Hall is the official plan.

Matt

RE: OPRA Request – “Plans” respecting beach refurbishment/replenishment
Paula Hawks, August 1, 2011

Our office picked up the Beachfill, Absecon Inlet to Great Egg Harbor Inlet, Atlantic City to Ventnor City, Atlantic County, New Jersey, 90% Submission Plans prepared by the US Army Corps of Engineers (ACE) from the Mayor. We then reviewed same for accuracy of the location of existing modified and standard crossovers from the boardwalk to the beach. We also provided details of proposed “Modified Dune Crossovers” to the ACE. At the request of Commissioner Weintrob, we delivered the plans to Patti, the Mayor’s secretary, at the City Hall.

Our office did not pay a fee when we picked up the plans from the Mayor, nor did we charge a fee when the plans were delivered to City Hall. We have not reproduced the plans for any person or entity.
